The report explains how the school meets the needs of children with special educational needs and disabilities. It will be published on the school website and as part of the relevant Council's local offer.

6. Funding for SEND

6.1 The school has an amount identified within its overall school budget, called the notional SEND budget. This is not a ring-fenced amount. The school provides high quality appropriate support from the whole of the school budget including any resources targeted at particular groups such as pupil premium.

6.2 The relevant Local Authority provides additional top-up funding where the cost of the special education provision required to meet the needs of an individual student/pupil exceeds the nationally prescribed threshold.

6.3 In some circumstances, parents may request a Personal Budget. A Personal Budget is an amount of money identified by a Local Authority to deliver provision set out in an EHC plan where the parent or young person is involved in securing that provision.

7. Data protection

7.1 EHC plans will be kept securely so that unauthorised persons do not have access to them. EHC plans will not be disclosed without the consent of the child's parents or young person, except for specified purposes or in the interests of the child or young person.
